EXPERIENCE

Flutter & React Native Developer · TruckMitr Corporate Services, Noida Oct 2025 – Present

- Shipped TruckMitr, a production React Native logistics app on Google Play, for truck owners, drivers and business clients, with live GPS tracking, role-based auth and real-time FCM push notifications.
- Built TMConnect, a Flutter CRM for telecallers and field agents, from scratch to cross-platform release in under 3 months, with role-based dashboards and smooth, consistent animations.

Flutter Developer · Easyian Outsourcing Pvt. Ltd., Noida Apr 2025 – Sep 2025

- Cut app load time by ~30% by optimising REST API queries, adding database indexes and restructuring Redux state across React Native and Flutter projects.
- Built cross-platform apps with real-time Supabase / PostgreSQL sync, PHP REST APIs and secure role-based access, released to Android and iOS.

App Developer — Frontend UI/UX · Codelevate Pvt. Ltd., Raipur Oct 2024 – Mar 2025

- Increased user engagement by 40% by designing and building a responsive UI for a MERN-stack e-learning platform, including a student project-showcase system.
- Led end-to-end UX for onboarding, course browsing and dashboards across student, instructor and admin roles; reduced drop-off by standardising components and micro-interactions.
